Report Introduction

Minnesota State is the fifth largest system of public colleges and universities in the country. It consists of 37 institutions with 54 campuses across the state and serves more 410,000 students each year.

The law creating the system was passed by the Minnesota Legislature in 1991 and went into effect July 1, 1995. The law merged the state's community colleges, technical colleges, and state universities into one system. Hennepin Technical College opened in 1972, and is the largest technical college in Minnesota, with two campuses (Brooklyn Park and Eden Prairie) that offer career and technical programs.

In 1990, Congress enacted the *Crime Awareness and Campus Security Act of 1990* (Title II of Public Law 101-542), which amended the *Higher Education Act of 1965 (HEA)*. This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the *Clery Act* and is in section 485(f) of the *HEA*.

On March 7, 2013, the *Violence Against Women Reauthorization Act of 2013 (VAWA)* (Public Law 11314) was signed into law. *VAWA* includes amendments to the *Clery Act*. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault and stalking, among other changes.

The Hennepin Technical College Public Safety office is recognized as the primary campus department responsible for providing security services for students, faculty, staff and campus visitors. The department is comprised of fulltime professional and part-time paraprofessional officers. Public Safety Officers are **NOT** licensed police officers and do not possess the power of arrest as defined by Minnesota State Statute, but have been granted the authority by the institution's president to enforce institution policy, which is not inconsistent with federal, state or local law, and to make citizen's arrests when necessary.

The Brooklyn Park and Eden Prairie Police Departments provides fully licensed police protection for each respective Hennepin Technical College campus. The Hennepin Technical College Public Safety office has developed a working relationship with each police department that allows for immediate response to all crimes, emergencies, or requests for service generated by the campus.

The Hennepin Technical College Public Safety office compiles all required information and statistics for this report. Statistics are collected using incident reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials of Hennepin Technical College who have significant responsibility for student and campus activities. These college officials, known as Campus Security Authorities, are listed in full on page 18.

It is the policy of Hennepin Technical College to report all criminal activity to the Brooklyn Park/Eden Prairie Police Departments by reporting incidents directly to their office or to the college Public Safety office. All crimes or potential crimes that are reported to the college Public Safety office will be forwarded to the Brooklyn Park/Eden Prairie Police Departments. It is also Hennepin Technical College's position that all campus community members are responsible for reporting any criminal activity they become aware of to the college Public Safety office, or the or Brooklyn Park/Eden Prairie Police Departments or 911.

Hennepin Technical College urges all campus entities that are excluded from mandatory reporting, such as professional mental health counselors and pastoral counselors, to advise clients who are victims of crime to report those incidents to campus or local law enforcement authorities, and to report confidential information used strictly for statistical purposes to the Hennepin Technical College Public Safety office.

Hennepin Technical College publishes the Annual Security Report each year by October 1. The report is distributed to all potential students on the college application form and prospective employees on the job announcement via direct link to the report. All current students, faculty and staff are sent an email that briefly describes the report and contains the Internet address where it can be found.

Geography

Pursuant to the Act, Hennepin Technical College Public Safety monitors criminal activity and publishes this report containing a three-year statistical history of select crimes or incidents that occur. The statistics are gathered from four specific geographic areas; 1) campus, 2) residence halls (subset of campus if applicable), 3) non-campus property or institution sanctioned buildings or property and 4) public property that is adjacent to campus, and are submitted on an annual basis to the U.S. Department of Education.

The following definitions are taken from the Higher Education Act of 1965, 485(f) (20 U.S.C. 1092(f)), the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act," and are used to classify the locations listed in the Hennepin Technical College Crime Statistics.

Public Property: The term “public property” means all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution’s educational purposes.

Emergency Response and Timely Warning

Hennepin Technical College is required by policy and fire code to have evacuation and emergency operations plans in place. Evacuation plans are posted in corridors throughout each campus, and emergency procedures guides and posters can be found on the Public Safety Page (link below).

<https://www.hennepintech.edu/finance-operations/campus-security.html>

Guides and Posters are posted in all common areas, entrances, offices and Labs. The Public Safety office can provide copies/replacements on request. Hennepin Technical College also has a current Emergency Operations Plan based on the all-hazards concept, incorporating the National Incident Management System and coordinated with the system office and local emergency response agencies. This plan is used to respond to any level of emergency impacting Hennepin Technical College and outlines the responsibilities and actions necessary to protect life, property and the environment. Some of the processes and procedures are included in this report.

Emergency Response: Hennepin Technical College will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, faculty or staff occurring on campus. (Minnesota State) has numerous systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat. These methods of communication include but are not limited to:

Active messaging:

Hennepin Technical College has the ability to address the campus through a public address system that covers interior campus offices, classrooms and public spaces. The Public Address (PA) system is augmented by bull horns.

Passive messaging:

Hennepin Technical College will provide emergency information via the main web page. The administration will use campus wide mass email and any other available media such as signs, reader boards and internal closed circuit televisions to disseminate emergency notifications to students, faculty and staff. Twitter and Facebook social media may also be used to disseminate emergency notification either individually or through the Star Alert system.

Individual messaging:

Hennepin Technical College utilizes an emergency notification system branded Star Alert, provided by Blackboard Connect, which disseminates emergency notification through SMS text, direct phone calls and email, at the selection of the recipient. This is an opt-in system.

Opt-In process- All new students are given Star Alert cards, and an introduction to the value of opting-in when they receive their student ID card. New employees are given Star Alert sign up cards when issued employee ID's and parking permits. The Star Alert system is also referenced during security training presentations. Vendors are issued Star Alert cards at the beginning of each new semester.

Students, faculty and staff have the option of permanently opting out of Star Alert should they choose. For additional information on access, issues concerning individual accounts or other questions contact: HTC-Security@hennepintech.edu

Hennepin Technical College upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus:

1. A Hennepin Technical College official will verify that a legitimate emergency or dangerous situation exists, even if all of the pertinent details are not known or are available at the time.
2. Hennepin Technical College officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.
3. Hennepin Technical College will, without delay, and taking into account the safety of the community, determine the content of the notification, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The following persons or organization(s) are responsible for emergency notification dissemination:

The Office of the President

Interim Associate Vice President of Advancement

Information Technology staff

Public Safety Director

Hennepin Technical College, after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate Star Alert containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible. Hennepin Technical College will provide follow-up information to the community as needed.

Hennepin Technical College will test the emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced or unannounced and emergency response and evacuation procedures may be publicized in conjunction with at least one test per calendar year. Evacuation Fire Drills, and Shelter in place drills – Two (2) per semester both day and evening in each building are conducted annually at Hennepin Technical College. Three (3) tests of the Emergency Notification system are conducted during the first month of each new semester. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced. This information will be maintained in the Eden Prairie Campus Security office. Records for all Clery related requirements are maintained for seven years and available upon request.

Timely Warning: Hennepin Technical College will issue a timely warning for all Clery Act crimes reported to campus security authorities or local police agencies and considered by Hennepin Technical College officials to represent a serious or continuing threat to students, faculty and staff. Timely warnings will not be limited to violent crimes or crimes against persons, and may include crimes against property or other types of serious or continuing threats. Timely Warning Notices will withhold the name of victims as confidential.

Issuance of a Timely Warning is determined on a case-by-case basis. Factors included are the nature of the crime or threat, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. Hennepin Technical College will consult with local law enforcement and other officials when determining the need and content of any Timely Warning.

The intent of a Timely Warning is to enable the campus community to protect themselves and will include all information that would promote safety and aid in the prevention of similar crimes or protection from specific threats. Timely Warnings will be disseminated using the Star Alert text and email features, campus email system, or any other passive or individual method of notification to students, faculty and staff.

Protect your property:

- Personal property (purses, backpacks, calculators, cell phones, etc.) should never be left unattended. Take such items with you if you are leaving the office, classroom, or your residence.
- Take valuables home with you during vacations and school breaks.
- Park your bike where you can keep an eye on it if possible. Always lock your bike.

Protect your automobile:

- Always lock your car doors and never leave your keys or valuable items such as cameras, wallets, etc. in plain sight or on the seats in the vehicle.
- Try to park your car in a well-lit area.

Protect yourself at night:

- Avoid walking alone at night.
- Refrain from taking shortcuts; walk where there is plenty of light and traffic. Call for an escort in advance

Protect yourself walking and jogging:

- Avoid walking and jogging alone after dark. If you must travel alone at night, call for someone to escort you to your on-campus destination.
- Walk along well-lit routes.
- Be alert to your surroundings. If you suspect you are being followed, run in a different direction, go to the other side of the street and yell for help, or head quickly for a lighted area or a group of people.
- Have your keys ready when returning to your residence or apartment, and keep your personal or valuable items concealed and close to your body.

Help us protect you:

- Watch for suspicious persons in and around college buildings and in parking lots. Do not pursue them. Call 911 first and then get to a safe place.

1. Suspicious activity:

- (a) If you see any suspicious activity or people on or near campus, call law enforcement. Do not assume that what you observe is an innocent activity or that it has already been reported.

(b) Do not assume the person is a visitor or college staff member that you have not seen before.

2. Suspicious people may be:

- (a) Loitering about at unusual hours and locations; running, especially if something of value is being carried.
 - (b) Exhibiting unusual mental or physical symptoms. Person(s) could be under the influence of drugs or otherwise needing medical or psychiatric assistance.

Daily Crime Log

Hennepin Technical College has a Public Safety office, and therefore maintains a written daily crime log. The crime log records by date any crime that was reported, any crime that occurred within the institution's designated Clery geography and is reported to the Public Safety office. The crime log discloses specific information about criminal incidents, not crime statistics. The information in the crime log contains the nature, date, time and general location of each crime and disposition of the complaint, if known. The log has a more specific location focus than the statistical disclosure and designed to disclose crime information on a more timely basis. Hennepin Technical College must make an entry or an addition to an entry to the log within two business days of the report of the information to the Public Safety office, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

The institution may withhold information required if there is clear and convincing information that the release of the information would:

- 1) Jeopardize an ongoing criminal investigation or the safety of an individual,
- 2) Cause a suspect to flee or evade detection, or
- 3) Result in the destruction of evidence.

Hennepin Technical College may disclose any information withheld once the adverse effect described above is no longer likely to occur. The institution can withhold only that information that would cause the adverse effect.

The Public Safety office makes the crime log for the most recent 60-day period open to public inspection during normal business hours. Hennepin Technical College must also make any portion of the crime log, older than 60 days available within two business days upon a request for inspection. Contact the Director of Public Safety at 952-995-1525.

Sexual Assault and Related Offenses

Hennepin Technical College does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Sexual violence includes a continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relations violence, stalking, as well as aiding acts of sexual violence. Sexual assault and related offenses are governed

and adjudicated under Minnesota State Board Policy 1B.3 Sexual Violence Policy, the Violence Against Women Act as amended and the Clery Act as amended. As a result, Hennepin Technical College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a Hennepin Technical College official. In this context, Hennepin Technical College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the college community.

Definitions: The following definitions apply:

Affirmative Consent: Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Sexual Assault: an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. An actual, attempted, or threatened sexual act with another person without that a person's consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as "date rape" or "acquaintance rape." This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.

3. Intentional and unwelcome touching, or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Rape: is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: is defined a non-forcible sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence: The term “domestic violence” means felony or misdemeanor crimes of violence committed—

1. By a current or former spouse or intimate partner of the victim;
2. By a person with whom the victim shares a child in common;
3. By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
4. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
5. By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: The term “dating violence” means violence committed by a person – who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking: The term “stalking” means engaging in a course of conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated; and that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress.

1. Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.
2. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
3. Reasonable persons means a reasonable person under similar circumstances and with similar identities to the victim.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Hennepin Technical College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking. Hennepin Technical College has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and participating in and presenting information and materials during new employee orientation. Primary prevention and awareness programs are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome. Environmental risk and protective factors are considered as they occur on the individual, relationship, institutional, community and societal levels.

Procedures for Reporting a Complaint: Hennepin Technical College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Hennepin Technical College will make such accommodations, if the complainant requests them and if they are reasonably available, regardless of whether the complainant chooses to report the crime to the Hennepin Technical College Public Safety office or local law enforcement. Students and employees should contact the Public Safety office H101 (either campus) or 763-248-1354

After an incident of sexual assault or domestic violence, the victim should consider seeking medical attention as soon as possible at any Hospital Emergency Center.

In Minnesota, evidence may be collected even if you chose not to make a report to law enforcement. Evidence collected during a medical forensic exam will only be tested if a report is made to law enforcement.

Under Minnesota law, the county in which the sexual assault or rape occurred is responsible for the cost of collecting evidence during your medical forensic examination. The county must pay regardless of whether or not you report to law enforcement. After your medical forensic examination has been performed, the county may be reimbursed from your insurance with your permission. Counties must obtain your approval prior to billing your insurance. Whether or not the county uses your insurance is your choice. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to Hennepin Technical College investigators or police. Although Hennepin Technical College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. Hennepin Technical College will assist any victim with notifying local police if they so desire.

Reports may also be made to either Hennepin Technical College Public Safety office by calling, writing, going online or coming into the office to report in person if the victim so desires. Hennepin Technical College will provide resources, on campus, off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Hennepin Technical College Public Safety or law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the institution, below are the procedures that the institution will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

The Hennepin Technical College Title IX Coordinator, Administrators, Public Safety staff, or Campus Security Authorities, when informed of an alleged incident of sexual violence, shall promptly assist the complainant, as requested. Hennepin Technical College may:

1. Provide complainant with written information to access medical care, depending on when reported (immediate vs. delayed report).
2. Assess immediate safety needs of complainant.
3. Assist complainant with contacting local police if complainant requests and provide contact information for local police department.
4. Provide complainant with referrals to on and off campus mental health providers.
5. Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, "No Contact" directive between both parties
6. Provide a "No Trespass" directive to accused party if deemed appropriate
7. Provide written instructions on how to apply for an Order of Protection
8. Provide a copy of the Sexual Violence Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution
9. Inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

When appropriate, Hennepin Technical College may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Assistance for Victims - Rights and Options: Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Hennepin Technical College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Minnesota, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. Be informed of prosecutor's decision to decline prosecution or dismiss the case along with information about seeking a protective or harassment order at no fee
2. Protection against employer retaliation for victims to take reasonable time off to attend order for protection or harassment restraining order proceedings
3. Domestic abuse victims have the ability to terminate a lease without penalty
4. Sexual assault victims can make a confidential request for HIV testing of a convicted offender
5. Sexual assault victims do not have to pay the cost of a sexual assault examination
6. Sexual assault victims may not be required to undergo a polygraph examination in order for an investigation or prosecution to proceed.

Further, Hennepin Technical College complies with Minnesota law in recognizing Orders of Protection and Harassment Restraining Orders. Any person who obtains an order of protection from Minnesota or

any reciprocal state (Under VAWA's full faith and credit provision, every state must recognize and enforce protection orders issued in other states, as if issued in the enforcing state) should provide a copy to Hennepin Technical College Public Safety office and/or the Title IX Coordinator. A complainant may then meet with either of these offices to develop a plan, which is a plan for campus officials and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.) Hennepin Technical College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services. Protection from abuse orders may be available through the local county court at no cost. Hennepin Technical College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, Hennepin Technical College will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal investigation of the complaint. The victim will be provided written notification about options for or available assistance in, and how to request changes to changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement.

Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/ adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, Hennepin Technical College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Bystanders: Bystanders may play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm to themselves or others. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. A dangerous or threatening situation may include a situation in which a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or needs help, ask if they are OK.
2. Confront (if safe to do so) people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses that they are a victim of sexual assault, abusive behavior, or experiences with stalking.
5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Reducing the Risk of Sexual Assault: You can reduce the chances of sexual assault by doing the following:

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas, it is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (call 911).
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink unattended, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.

13. Watch out for your friends, and vice versa. If a friend seems disorientated, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests.
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come and get you or make up an excuse for you to leave.
 - d. Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave that to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgement before doing anything you may regret later.

Complainants' rights: are as follows:

1. Complainants have the right to file criminal charges with local law enforcement in any sexual assault case
2. They have all of the rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety
3. Complainants are afforded the availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident.
4. Campus Security Authorities will assist in preserving for a sexual violence complainant materials relating to a campus disciplinary proceeding.
5. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately investigated and resolved.
6. Upon a sexual assault complainant's request, Hennepin Technical College will take action to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible. Any accommodations or protective measures provided to the complainant will be maintained

in confidence, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

7. Upon the request of the complainant, students who report sexual assaults to (Minnesota State) and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Investigation and Disciplinary Procedures: Investigations and disciplinary procedures will be conducted by Hennepin Technical College officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Hennepin Technical College officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Procedures used in response to a complaint of sexual violence complainants should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant or victim was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be acted on promptly and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the complainant and the respondent. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. Employees have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the outcome in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Hennepin Technical College takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant no longer desires to pursue a complaint through Hennepin Technical College proceeding, Hennepin Technical College reserves the right to investigate and resolve the complaint as it deems appropriate. Hennepin Technical College reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that

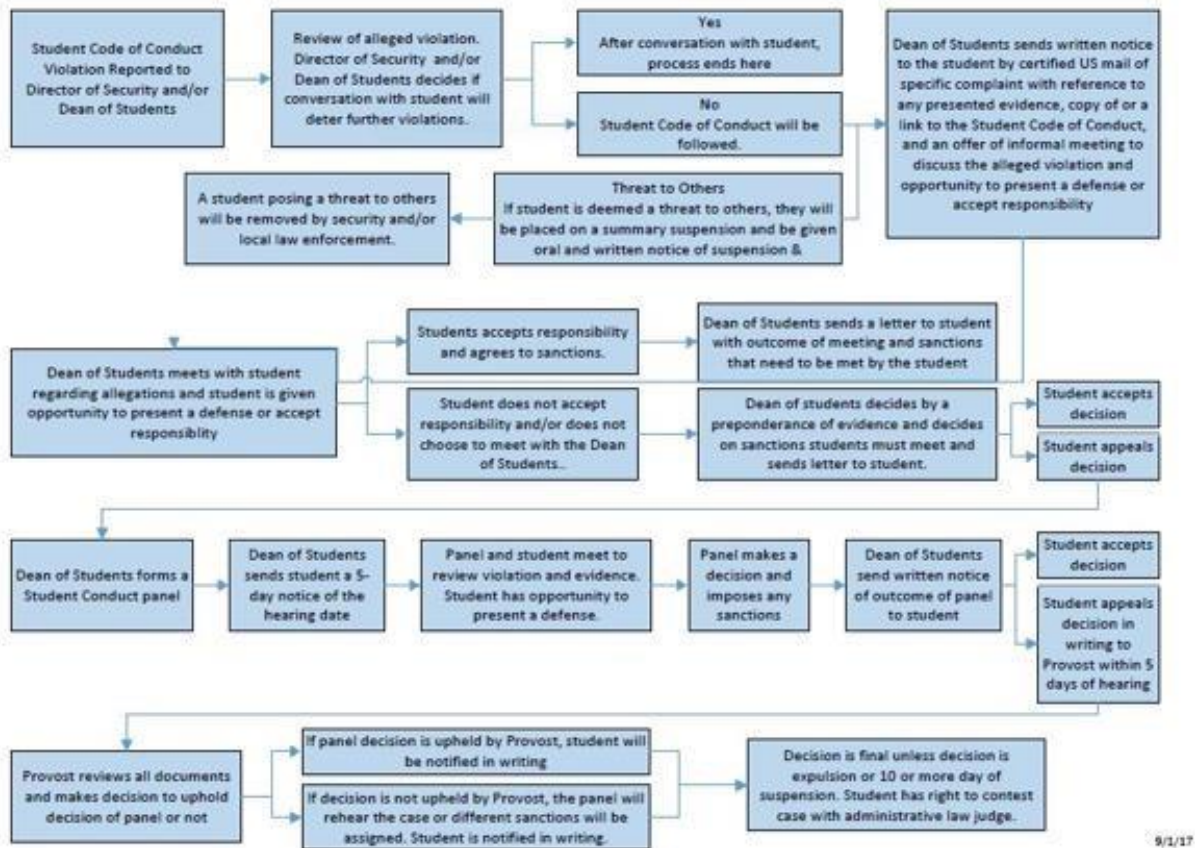

an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of Hennepin Technical College.

Appendix 1

Terms and Definitions

Aggravated Assault

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon (or displays weapon in a threatening manner) or by means likely to produce death or great bodily harm (e.g. victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness).

Arson

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Burglary

The unlawful entry of a structure with the intent to commit a felony or theft.

Affirmative Consent

Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Criminal Homicide – Negligent Manslaughter

The killing of another person through gross negligence.

As a general rule, any death caused by the gross negligence of another is classified as Criminal Homicide—Manslaughter by Negligence (b).

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear that force will be used.

Robbery is a vicious type of theft in that it is committed in the presence of the victim. The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force.

Sexual Assault

“Sexual assault” means an actual, attempted, or threatened sexual act with another person without that person’s consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under student conduct codes and employee disciplinary standards. 1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as “date rape” or “acquaintance rape.” This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.

- **Forcible Fondling** - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Note: Forcible Fondling includes Indecent Liberties and Child Molesting. Because Forcible Fondling is an element of Forcible Rape, Forcible Sodomy, and Sexual Assault with an Object, it should be reported only if it is the sole Forcible Sex Offense committed against a victim.
