Michael discusses outreach and how to become involved in student senate. Coming up with a fundraiser in October- plan on doing a spooky Halloween October theme. Working with a low budget, focusing on increasing senate funds to be able to achieve larger goals. Pitch to increase involvement in free food distribution.

Roman- student senate should work with the majority of clubs around campus, and through this can represent as a school rather than individual clubs.

FOOD SHELF SECTION

Pang – very important for clubs this year to fundraise – please let senate know any ideas for fundraising. Possible food pantry in the works for BP campus. Looking to hear from students about where it could exist. Space in the cafeteria (the old coffee shop) may be a good location for a forever food pantry. Second floor potentially – Students want doughnuts in the food pantry or student

resources, nuts, oatmeal, black beans, corn, ramen, wild rice all student suggestions. Granola bars. Microwavable soups. Mac n cheese. Toilet paper. Feminine products. Hair ties, dry shampoo.

Proposed shelf just along a hallway wall on the first floor – students can grab and go.

Roman- will this generate student employment? (I didn't hear the answer here)

The word is that Tiffany-jo and taylor are bomb at getting money. Have an email to distribute about fundraising.

Many work study opportunities on campus – trio, book store, tutoring, set, library, etc. etc. etc.

Roman poposes combs+brushes for impromptu photography which occurs periodically in school.
