

## Minnesota Transfer Curriculum (MnTC) Completion at HTC

### Effective 2020-21 Academic Year

Minnesota State, two and four-year public colleges and universities, developed a common liberal arts general education curriculum known as the Minnesota Transfer Curriculum (MnTC). Completion of a defined 40 credits enables a student to transfer lower-division general education coursework to any Minnesota State institution. MnTC courses fall within ten areas of competency, called goals. Students who complete the MnTC are certified in the ten goal areas at the originating institution.
