Graduates:

Congratulations! This has been a year unlike any other and we’re excited to be celebrating your successes with you in the upcoming graduation video.

Take advantage of this exciting opportunity to be more included in this year’s celebration video. Several segments are planned using videos collected from you - that’s right we want you to add your voice to this year’s graduation celebration!

The production is intended to celebrate graduates and their achievements as such, videos/photos will be selected based on meeting the project goal and the spirit of the project. Please note, videos may be edited for length, the suitability of meeting the project goal, and to ensure the flow of content.

The deadline is April 9 – Don’t delay!!
$10 Visa Gift Card for all student submissions (one per student)

Upload your photo and/or video and sign a release allowing its use by clicking HERE.

To take part, please record a short video of yourself (or have a friend or family member record a short video of you) responding to one of the following prompts:

- What I’m most proud of as I graduate from HTC.
- What comes next? Tell us your plans for the future - how you plan to use your HTC Education?
- What does graduating mean to my family and me?

The Deadline Is April 9 to make sure your video is included. Please don’t delay!
$10 Visa Gift Card for all student submissions (one per student)

Be Well,

The Commencement Task Force

P.S. We want you to look your best - so here are some quick tips on recording the video yourself

1. Hold the camera in Landscape mode (horizontally) – this is important so that it will fit the final format.
2. Cup the microphone to capture the best sound.
3. Choose a relatively quiet spot.
4. Think about what people are seeing in the background.
5. Lighting is important - make sure that you’re not standing in front of a bright window, light, or the sun.
