

## Steps to apply to Gateway to College

1. **Attend an Information Session.** Call Assistant Principal, Joe Millard, at 612-730-3336 to schedule your information session. In the info session, you will learn more about the program, get answers to your questions, and receive an enrollment packet. Your high school transcripts will be requested that day.
2. **Apply to Hennepin Tech.** At the information session, with a Gateway staff member, apply to the college and schedule the **Accuplacer** test. You can study for the Accuplacer at: <https://accuplacer.collegeboard.org/student/practice>
3. **Take the Accuplacer test** and Submit your completed enrollment packet to Joe in person or at [jpmillard@district287.org](mailto:jpmillard@district287.org) the day of your test.

Once you have complete these steps, your enrollment packet and records will be reviewed by the Gateway to College program facilitator, assistant principal, and resource specialist. A staff member will contact you about a start date within 1-3 business days.

If you have any questions about this process, please contact Joe at 612-730-3336 or [jpmillard@district287.org](mailto:jpmillard@district287.org)
